Joint Supplier Registration System Oil & Gas - Oman

JSRS
joint supplier
registration system

Welcome to the JSRS - An In-Country Value (ICV) initiative by the Oman Ministry of Oil & Gas and the major Oil & Gas operating companies in Oman. The JSRS is an online 'single window' registration system that helps connect Suppliers (national and international) to the Oil & Gas potential of the entire Oman Oil & Gas Industry. The objective of this system is to simplify the process of Supplier registration by unifying the mechanism of registration so that Suppliers are deemed registered once they are approved on the JSRS. The JSRS currently hosts thousands of Suppliers online and the list is growing every day. The JSRS help Operators 'Seek & Identify' credible Suppliers for all their procurement needs.

The JSRS approval and certification is **Mandatory** for any Supplier (national or international) to do business with the Oil & Gas Operators in Oman.

Hosted on www.businessgateways.com, the JSRS is developed and implemented by Business Gateways International (BGI).

JSRS Approval and Certification process

- ✓ Register Online on www.businessgateways.com and obtain a paid subscription.
- ✓ Tier 1: Connect to the Oman National Business Framework (NBF) of [businessgateways](http://businessgateways.com) and integrate the products/services to the company profile.
- ✓ Tier 2: Submit the online Oil & Gas Supplier Validation Form (SVF) and undergo the Validation Process by [businessgateways](http://businessgateways.com).
- ✓ Obtain e-Certification on Approval. This Certificate is mandatory during submittal of bids to the Oil & Gas Operators.
