WHY YOU NEED TO ATTEND THE 2 DAYS COURSE

To assist on how to fill up the Application Form

- The Application Form has questions that you need to do a lot of thinking. You need to restructure your thoughts on how your past experiences qualifies for your professional certification.

The class with more than 10 people will help you to know on what other people had done and how you can start to compare or at least to learn from others and share what you did also in the past.

- To Application Form can be answered easily if your resume / curriculum vitae has elements or points that reflect your natural technical talent, conduct and areas of leadership, social responsibilities and also management styles.

You need to now write your new CV that reflects your professional talent and self, as the CV is additional document to be submitted in your Application Form.

The time taken to reflect about your past experience and to rewrite it in your new CV is a challenging one. Many times, people get stuck in rewriting it, especially on what are the areas that need to be added and rewritten.

The class is a coaching session to help participants to have their mind focused and help to restructure their CV. The new CV shall bring the new image from a normal person to a professional one.
