Certified IOSH Working Safely (ONLINE)

COURSE CONTENT

Module1:

Introducing Working Safely

Module 2:

Defining Hazards & Risks

Module 3:

Identifying Common Hazards

Module 4:

Improving Safety Performance

Module 5:

Protecting Our Environment

ABOUT THIS COURSE

Working safely is a course for staff from any industrial sector who do not need to have any supervisory or managerial responsibility. It provides participants with the essential basics of health and safety. Everyone at work should have an understanding of why they must 'work safely' and this course offers exactly that. Working safely introduces a completely new approach to health and safety training and offers all these basic features in a high-impact, interactive package.

Working safely is a completely different approach to safety and health training. It's a high-impact programme designed to be fun and get people fully involved. The first-class, jargon-free content is based on what people need to know in practice, and not off-putting legal language.

TARGET GROUP

- Managers
- supervisors
- employees, who have responsibility for managing environment issues, as part of their day to day duties

OBJECTIVES

At the end of this course, participants should be able to:

- Greater productivity, from fewer hours lost due to sickness and accidents
- Improved company-wide safety awareness culture and appreciation for safety measures
- Active staff involvement to improve the workplace
- Enhanced reputation within the supply chain
